Window Studio is thrilled to announce its inaugural exhibition *Shall Not Perish,* showcasing contemporary painting, drawing, assemblage & sculpture from the battlefields of today's streets. In response to current global crises, the work records a general discontent with the current state of social, political, environmental, and economic injustice.

The exhibition urgently calls for social equality in order to establish, once and for all, a "government of the people, by the people, for the people." Whether in Brooklyn, Ferguson, Sanford, Gaza, or Donetsk, the task of which Abraham Lincoln spoke in the Gettysburg Address 150 years ago remains for us to achieve on a far broader scale and ultimately lasting basis.
